

VIDEO TEXT

Hello my name is Tony Capria, I would like to talk to you about my book “BETRAYAL”, a true story of government fraud, conspiracy, deceit, and my journey for the truth.

THE FRAUD

A NEW YORK STATE retirement application for an accidental disability retirement was filed by the ONONDAGA COUNTY SHERIFF’S DEPARTMENT. That application was then falsified by crossing out the words accidental disability and writing the word ARTICLE in its place and by writing the number 15 next to the word ARTICLE. By doing that falsifying, the original application for the accidental disability retirement became an illegal application for an ARTICLE 15 disability retirement.

THE COVER-UP

The person who falsified the original application for the accidental disability retirement, then wrote a cover-up note that stated, additional information has been sent under separate cover by the Sheriff and signed the note Edith Gorney, comptroller's office.

This was to deceive her subordinates and others, including a New York State hearing official, in believing the Sheriff had filed for the ARTICLE 15 disability retirement.

Contrarily, a Sheriff's representative, stated to me, in a phone conversation that the application was for an accidental disability retirement. The same Sheriff's representative that notarized the original accidental disability retirement application and the Sheriff's signature.

The following is that phone conversation.

(To hear the phone conversation, refer to the video.)

In addition, that same representative, in an examination before trial stated, under oath, that an ARTICLE 15 disability retirement was not filed by us and, in fact, it could not be filed.

THE RETIREMENT HEARING

The falsified application for the ARTICLE 15 disability retirement was presented as a true legal document at a hearing before the New York State Retirement System.

Quote, evidence as System's Exhibit #2, the application for the ARTICLE 15 disability retirement of Mr. Capria, I note that this application was not filed by Mr. Capria but the Sheriff of Onondaga County. Unquote

Therefore, the hearing determination was based on false evidence, that being the falsified retirement application for the ARTICLE 15 disability retirement.

Help me overturn this false determination and restore honesty and integrity back into government. We, the American people, must demand honesty, integrity, and high morality in all our public officials. Government corruption cannot and should not be tolerated. To allow this government crime and corruption to continue to stand and to continue to honor the illegal, falsified retirement application as a true legal document is Un-American.

For more information about my book "BETRAYAL" and how you, the American people, can help me

overturn this injustice go to my website
WWW.TonyCapria.com.

THANK YOU
